

2022 Mitchell Institute Physics Enhancement Program

Date: _____

Name of Participant: _____

School and District: _____

Region _____ Education Service Center

How did you hear about MIPEP?

I agree to participate in the 2022 Physics Enhancement Program at Texas A&M University’s Mitchell Institute. I understand that my commitment will include:

- Participation in all program activities, June 13-25, 2022.
- Providing classroom data as requested, should a physics assessment be developed for students
- Sharing favorite physics classroom activities and/or resources with other participating teachers
- Written commitment from myself and my administrator to teach at least one section of high school physics during the 2022-2023 school year.

This letter serves as a commitment from the participating teacher and his/her principal to fulfill the requirements of the program as listed above.
