MITCHELL INSTITUTE PHYSICS ENHANCEMENT PROGRAM 2022

The Mitchell Institute for Fundamental Physics and Astronomy is committed to excellence in physics education in Texas. We are excited to announce the 11th year of our program for new and cross-over high school physics teachers.

MARK YOUR CALENDAR : JUNE 12-25, 2022

Participants will check in the Hullabaloo dorm on Sunday, June 12. Instruction will begin on June 13 at 8 a.m. and will conclude by noon on June 25. The program will accept up to 30 participants.

WE BOOST YOUR PHYSICS CONFIDENCE AND KNOWLEDGE

The goal of our program is to help teachers develop a deeper understanding of physics concepts, explore effective instructional strategies, and experience laboratory activities that will enhance their classroom instruction and impact student performance in physics.

OBTAIN YOUR APPLICATION ONLINE

OUR TRAINING

Participating teachers receive in-depth, standards-based training from professors and master teachers during this two week program.

ACCOMMODATIONS

Participants enjoy complimentary lodging on campus, a \$300 meal card, and up to \$200 travel mileage reimbursement. The program includes lectures, demonstrations, group activities, and tours of research facilities.

EARN CREDIT

After program completion, participants will receive 80 credit hours of Continuing Professional Education, including 34 credit hours for G/T curriculum, and 6 credit hours for G/T annual update.
